Philips Daily Collection
Food processor

650 W

Compact 2 in 1 setup 2.2 L bowl

HR7628/00

Maximum variety of recipes, minimum effort

Create home made breads, cakes, drinks and more

This Philips Daily collection Food Processor has a compact design including a 2.2 L bowl and 1.75 L blender and a variety of high performance accessories. Preparing delicious homemade food has never been so easy!

Maximum variety of recipes

- Emulsifying tool for cream and egg whites
- High performance stainless steel disc inserts
- Sharp and strong stainless steel S blade for chopping
- Up to 5 portions in one go

Easiest assembly, use and cleaning

- No mess from center of the bowl due to lack of inner shaft
- 40% larger feeding tube (compared to Philips HR7625)
- 650 Watt motor for powerful processing
- 2 speed settings and pulse for maximum control
- Dishwasher safe accessories

PHILIPS
sense and simplicity

Food processor
650 W Compact 2 in 1 setup 2.2 L bowl

HR7628/00

Highlights

2 speed settings and pulse

For best results, use the low speed setting (speed 1) to whip cream, beat eggs, create pastries and bread dough. The higher speed setting (speed 2) is well suited to chop onions and meats, blend soups and smoothies or shred, slice, grate or rasp vegetables.

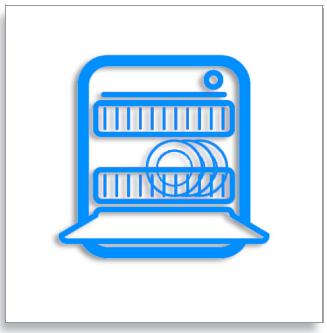
40% larger feeding tube

The new Philips Daily collection Food Processor comes with a feeding tube which is 40% larger than the previous HR7625 model, saving precutting time of fruits and vegetables

Powerful processing

This Philips Food Processor offers a powerful motor providing power and control to prepare all your favorite recipes.

Dishwasher safe accessories



All Avance Food Processor accessories included in your box are dishwasher safe.

Emulsifying tool

The perfect tool for whipping, whisking or emulsifying eggs or whipped cream. For best volume increase and fluffiness, use the low speed setting. Creating delicious desserts or mayonnaise has never been easier!

Stainless steel disc inserts

Simply select the right stainless steel disc insert to prepare your favorite ingredient and click it onto the disc holder. Performance has been tested extensively to provide the best slicing and shredding results.

No mess from center of bowl

Unlike other cheaper food processors, this Philips Food Processor lacks an inner chimney shaft in the middle of the bowl. This means that soups and other liquids won't leak from the middle of the bowl, keeping your food processor and kitchen counter clean! It even makes assembling your appliance much easier - simply click your tool holder in place in the bowl, guided by the form fitting couplings.

Stainless steel S blade

The sharp and strong stainless steel S blade chops vegetables such as onions in no time. It can also be used for other ingredients such as nuts, meats or even to make doughs for pie crusts

Up to 5 portions in one go

The generous 2.2 L bowl enables you to blend up to 5 portions of soup in one go.
